“If you are interested in any aspect of history and think about doing something outside of academia with it—get involved with that activity or organization or subfield or whatever it may be. Just get involved” Lincoln Bramwell, chief historian, National Park Service, Perspectives on History, May 2014

“... getting some public history training, an internship, a summer job, or something like that, even if it’s just something small, shows employers that you are interested in a variety of ways of doing history.” LuAnn Jones, historian Park Service Program, NPS, Perspectives on History, May 2014
